NiSource

CORPORATE POLICY SUBJECT: **Environmental Policy**

EFFECTIVE DATE: **May 13, 2022**

REVISED DATE: **December 17, 2025**

Purpose:

NiSource is committed to reducing the environmental impact of our business and promoting sustained environmental stewardship reflective of a premier energy company.

Scope:

This policy broadly defines how NiSource addresses environmental impact and promotes sustained environmental stewardship in our operations and value chain.

Policy:

NiSource commits to:

- Comply with environmental laws and regulations, and hold our employees, contractors, and suppliers responsible for compliance
- Train employees to understand and implement compliance requirements
- Improve environmental stewardship through our commitment to safety, operational excellence, regular self-assessment, performance measurement and target setting
- Maintain and enhance our environmental management system (EMS) through our environmental auditing and continuous improvement programs
- Demonstrate environmental preparedness and emergency response readiness
- Pursue stakeholder engagement, innovation, research, products and investments that advance sustainability
- Implement fair treatment and meaningful involvement of all people with respect to environmental protection
- Reduce air emissions from our operations
- Reduce or plan to minimize effluents, hazardous, radioactive and solid waste, and manage them compliantly and responsibly
- Reduce water withdrawal, especially in areas challenged with physical water scarcity
- Remediate historic environmental impacts, create redevelopment opportunities and assure funding adequate to resolve future environmental liabilities
- Implement our Biodiversity Commitment
- Invest in local community efforts for projects and programs related to environmental stewardship
- Report regularly and transparently on environmental issues and performance

- Ensure that environmental and sustainability statements are truthful and accurate, and are appropriately reviewed and approved before publication
- Protect human health and the environment

Compliance:

Employees are referred to the NiSource Code of Business Conduct.

Administration:

This policy shall be administered by the Vice President, Public Affairs and Sustainability, and reviewed at least once every three years.

This policy supersedes the Environmental Health & Safety Policy dated October 2001.
