

These tables indicate where NiSource has reported in accordance with all of the requirements for the Global Reporting Initiative (GRI) Core Standards.

GRI 102: GENERAL DISCLOSURES		
Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-1	a. Name of the organization.	NiSource Inc.
GRI 102-2	a. Description of the organization's activities. b. Primary brands, products, and services, including an explanation of any products or services that are banned in certain markets.	Detailed information is available at https://www.nisource.com/ and on pages 6-7 of NiSource's 2021 Form 10-K, available at https://investors.nisource.com/financial-filings-and-reports/quarterly-and-annual-materials/default.aspx .
GRI 102-3	a. Location of the organization's headquarters.	801 East 86th Avenue, Merrillville, Indiana, 46410
GRI 102-4	a. Number of countries where the organization operates, and names of countries where it has significant operations and/or that are relevant to the topics covered in the report.	NiSource operates solely in the United States.
GRI 102-5	a. Nature of ownership and legal form.	NiSource (NYSE: NI) is an investor-owned corporation incorporated in the state of Delaware.
GRI 102-6	a. Markets served, including: i. geographic location where products and services are offered; ii. sectors served; iii. types of customers and beneficiaries.	NiSource utility customers include residential, commercial and industrial users of natural gas and electricity. Customers are located in the United States in our service territory in six states. Also available on pages 6-7 of NiSource's 2021 Form 10-K available at https://investors.nisource.com/financial-filings-and-reports/quarterly-and-annual-materials/default.aspx .
GRI 102-7	a. Scale of the organization, including: i. Total number of employees ii. Total number of operations iii. Net sales (for private sector organizations) or net revenues (for public sector organizations) iv. Total capitalization broken down in terms of debt and equity (for private sector organizations) v. Quantity of products or services provided	<p>These items can be found in the Form 10-K and the Integrated Annual Report as follows:</p> <ul style="list-style-type: none"> • Total number of employees – 7,342 full-time and 88 part-time as of 12/31/2021. See page 10 of NiSource's 2021 Form 10-K. • Total number of operations – See page 6 of NiSource's 2021 Form 10-K • Net revenues – See page 61 of NiSource's 2021 Form 10-K • Total Capitalization – See page 64 of NiSource's 2021 Form 10-K <p>Quantity of products and services – Total natural gas volumes sold and transported for 2021 were 927.2 MMDth. Total electric sales for 2021 were 15,731.7 GWh. See pages 39 and 42 of NiSource's 2021 Form 10-K and our year-end earnings release, both available at https://investors.nisource.com/financial-filings-and-reports/quarterly-and-annual-materials/default.aspx.</p>

GRI 102: GENERAL DISCLOSURES		
Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-8	<p>a. Total number of employees by employment contract (permanent and temporary), by gender.</p> <p>b. Total number of employees by employment contract (permanent and temporary), by region.</p> <p>c. Total number of employees by employment type (full-time and part-time), by gender</p> <p>d. Whether a significant portion of the organization's activities are performed by workers who are not employees. If applicable, a description of the nature and scale of work performed by workers who are not employees.</p> <p>e. Report any significant variations in the numbers reported in Disclosures 102-8-a, 102-8-b, and 102-8-c (such as seasonal variations in employment in the tourism or agricultural industries).</p> <p>f. An explanation of how the data have been compiled, including any assumptions made</p>	<p>See page 23 of the 2021 Integrated Annual Report for highlighted workforce statistics. Additional detail is available in our Supplemental Sustainability Data (Workforce Statistics) available at https://www.nisource.com/company/sustainability/reports-and-policies.</p>
GRI 102-9	<p>a. Description of the organization's supply chain, including its main elements as they relate to the organization's activities, primary brands, products, and services.</p>	<p>NiSource purchases a wide range of products and services from suppliers. However, the main elements purchased are natural gas for delivery to NIPSCO and Columbia Gas customers, coal and natural gas for internal generation of electricity at NIPSCO, and power purchased from third-party generators of electricity.</p> <p>For every product or service we procure, the overall goal is the same – to secure the best product and services at the best value. NiSource does not pay a premium to do business with any supplier. We are committed to offering diverse suppliers an opportunity to succeed, including those historically underutilized in the supply chain. See https://www.nisource.com/company/doing-business-with-us for information regarding supplier diversity.</p> <p>NiSource aspires to be best-in-class of regulated utilities and regarded for supplier diversity and community economic inclusion. We actively pursue opportunities to connect with suppliers, including diverse suppliers by participating in and hosting industry and diversity events across our service areas. Additionally, we collaborate with public/private advocacy organizations such as American Association of Blacks in Energy, Ohio Gate, American Gas Association and Indiana Energy Association to coach and develop suppliers to enhance their value to the corporation and increase their economic value in the community.</p>
GRI 102-10	<p>a. Report any significant changes to the organization's size, structure, ownership, or its supply chain, including:</p> <ul style="list-style-type: none"> • Changes in the location of, or changes in, operations, including facility openings, closings, and expansions • Changes in the share capital structure and other capital formation, maintenance, and alteration operations (for private sector organizations) • Changes in the location of suppliers, the structure of the supply chain, or in relationships with suppliers, including selection and termination 	<p>There were no significant changes during 2021.</p>

GRI 102: GENERAL DISCLOSURES		
Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-11	a. Report whether and how the precautionary approach or principle is addressed by the organization.	NiSource believes its Sustainability Policy and Environmental Policy reflect the internalization of the precautionary principle within NiSource. The company also considers elements of the precautionary principle, based on these policies, including when identifying risks, environmental considerations and stakeholder impact surrounding existing, past and future business operations.
GRI 102-12	a. List externally developed economic, environmental and social charters, principles, or other initiatives to which the organization subscribes or which it endorses.	<p>We continue to evaluate various external charters and principles to which the company may subscribe based on their applicability to our industry, sustainability and endorsement by peers. External partners we consider when we make sustainability decisions and considerations of charters to implement include: Utility Solid Waste Activities Group (USWAG); Coal Ash Consortium; Clean Energy Group; Energy Sustainability Interest Group; MGP Consortium; Indiana Energy Association (IEA); Edison Electric Institute (EEI); Southern Gas Association (SGA); Midwest Energy Association; Northeast Gas Association; American Gas Association; and the National Safety Council.</p> <p>We abide by all laws and regulations, upholds and respects human rights as reflected in the United Nations Universal Declaration of Human Rights, the United Nations Guiding Principles on Business and Human Rights, and the UN Global Compact. For details see our Human Rights Policy.</p>
GRI 102-13	a. List memberships of industry or other associations, and national or international advocacy organizations	<p>Public policy decisions can affect our business, and at NiSource we believe that engaging in the political process is in the best interest of our company, our employees and our stakeholders. We track proposed legislation at the federal, state and local level and advocate our position when appropriate. We strive to educate public officials about our businesses and the impacts of potential policy decisions and also participate in industry trade associations to assist in developing industry-wide positions, including memberships in the Edison Electric Institute (EEL) and American Gas Association (AGA). Additionally, we are a member of the Low-Carbon Research Institute (LCRI), which is jointly led by the Electric Power Research Institute (EPRI) and Gas Technology Institute (GTI).</p> <p>NiSource President and CEO Lloyd Yates serves on the board of Marsh & McLennan Companies, Inc. Employees in our companies also serve on different committees and subcommittees in various roles.</p> <p>NiSource's Political Action Committee (NIPAC) provides our employees a voice in the political process. NIPAC is a voluntary employee political action committee and, through NIPAC, we make bipartisan political contributions when permitted by law and in accordance with established guidelines. We comply with all Federal Election Commission and state regulations and PAC contributions are publicly disclosed in our filings with state and federal election commissions and agencies.</p>
GRI 102-14	a. Provide a statement from the most senior decision-maker of the organization (such as CEO, chair, or equivalent senior position) about the relevance of sustainability to the organization and its strategy for addressing sustainability.	<p>See letters from Lloyd Yates, President and CEO, and Kevin Kabat, Chairman of the Board, in our 2021 Integrated Annual Report. See the 2021 NiSource Climate Report, which provides a statement from former CEO Joe Hamrock on NiSource's commitment to being a partner in addressing climate change and reducing greenhouse gas emissions through smart innovation, new and modernized infrastructure, and advanced technologies that maintain reliable, resilient and affordable energy service choices for customers.</p> <p>NiSource's Sustainability Policy, reviewed by NiSource's Board of Directors, is available at https://www.nisource.com/company/sustainability/reports-and-policies.</p>

GRI 102: GENERAL DISCLOSURES		
Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-16	a. Describe the organization's values, principles, standards and norms of behavior.	<p>Detailed information can be found starting on page 19 of the company's 2022 Proxy Statement, the NiSource Code of Business Conduct, and the NiSource Supplier Code of Business Conduct.</p> <p>NiSource believes that good, ethical business conduct is the foundation of our workplace – a workplace where we can enjoy an atmosphere of fairness and honesty, and where talented people have an equal opportunity to contribute to our strength and growth. Our core Code of Conduct values are: Fairness, Honesty, Integrity and Trust. Detailed information can be found in NiSource's Code of Business Conduct, Sustainability Policy, and Environmental, Health & Safety Policy available at https://www.nisource.com/company/sustainability/reports-and-policies. All corporate policies are applied and adopted equally across all NiSource businesses. Our Code of Conduct is available at https://www.nisource.com/company/sustainability/reports-and-policies.</p> <p>The Board of Directors has a Code of Business Conduct to promote ethical behavior, including the ethical handling of conflicts of interest.</p>
GRI 102-18	<p>a. Report the governance structure of the organization, including committees of the highest governance body.</p> <p>b. Committees responsible for decision- making on economic, environmental and social topics.</p>	<p>The NiSource Board of Directors oversees NiSource's operations. The Board committees include Audit; Compensation and Human Capital; Safety, Operations, Regulatory and Policy; Finance; Environmental, Social, Nominating and Governance; and Executive. Detailed information on the governing body also is available at https://investors.nisource.com/corporate-governance/default.aspx and on pages 2 and 8-18 of our 2022 Proxy Statement.</p> <p>The Audit Committee is responsible for monitoring the integrity of the company's financial statements, the independent auditors' qualifications and independence; the performance of the company's internal audit function and the independent auditors; and compliance with legal and regulatory requirements. The Environmental, Social, Nominating and Governance Committee fulfills the committee's responsibilities for assessing the company's sustainability initiatives.</p>
GRI 102-40	a. Provide a list of stakeholder groups engaged by the organization.	<p>We engage with stakeholders who have a unique interest in our business. Stakeholders include our customers, investors, employees, potential employees, community neighbors, local organizations, public officials, regulators, the news media, suppliers, contractors, shareholders and financial analysts. To initially assess our priority sustainability issues we engaged internal stakeholders including all in Manager roles and above across the NiSource organization, as well as external stakeholders including community and industry partners, customers, government officials, and suppliers. In 2022, we continued to assess materiality issues via our participation in the EPRI Sustainability Interest Group and the EEI/ESG and AGA Steering committees.</p> <p>In addition, the EEI/AGA quantitative and qualitative reports were developed based on investor feedback. NiSource is among the Edison Electric Institute (EEI) and American Gas Association (AGA) member companies using the voluntary Environmental, Social, Governance (ESG) / Sustainability reporting qualitative and quantitative templates for investors. This information is being provided in response to the desire of investors and other stakeholders for ESG/Sustainability information that is consistent across the electric and gas utility sectors. These reports are available on our website at https://www.nisource.com/company/sustainability/reports-and-policies.</p>
GRI 102-41	a. Report the percentage of total employees covered by collective bargaining agreements.	As of December 31, 2021, NiSource had 7,342 total employees of whom 2,643 (approximately 36 percent) were subject to collective bargaining agreements. See page 10 of NiSource's 2021 Form 10-K.

GRI 102: GENERAL DISCLOSURES

Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-42	<p>a. Report the basis for identification and selection of stakeholders with whom to engage.</p>	<p>Stakeholders include customers who depend on NiSource companies for their electricity and natural gas; employees and suppliers who carry out NiSource operations and strategy; and our community partners, including nonprofits, industry and government organizations. NIPSCO has five Community Advisory Panels (CAPs) in place across Indiana. These CAPs are a cross-section of community groups who are selected by NIPSCO Community Affairs Managers working together to improve communication, share information about new programs and outreach efforts, and develop an ongoing dialogue on issues ranging from environmental concerns to community outreach and philanthropy.</p> <p>CAP members come from a variety of categories including: Government, Business, Media, Not-for-profit, Labor, Special groups, Faith-based, Homeowners, Healthcare, Senior citizens, Agriculture, Public Safety, Students, Civic and Community Improvement.</p> <p>In addition, public notice for utility projects needing permits is provided as necessary, consistent with regulatory requirements. NiSource conducts stakeholder meetings and issues public communications on remediation activities to ensure its projects get the proper feedback and that stakeholder input is considered. For larger sites or sites with special concerns, site-specific websites are created to keep the community involved and informed on site activity.</p>
GRI 102-43	<p>a. Report the organization's approach to stakeholder engagement, including frequency of engagement by type and by stakeholder group, and an indication of whether any of the engagement was undertaken specifically as part of the report preparation process.</p>	<p>See our 2021 Integrated Annual Report at https://www.nisource.com/company/sustainability/reports-and-policies. The majority of our engagement is in line with specific projects. We complete hundreds of projects each year across nearly every state we operate in. Investor, customer and regulatory engagement is ongoing and part of the normal business operation. For example, we participate in community events where customers can ask questions and we have the opportunity to share information about the company. Another example is NIPSCO's five Community Advisory Panels (CAPs) in place across Indiana that meet three times per year to discuss topics relevant to NIPSCO operations and customer programs. These CAPs are a cross section of community groups working together to improve communication, share information about new programs and outreach efforts, and develop an ongoing dialogue on issues ranging from environmental concerns to community outreach and philanthropy.</p> <p>Investors are formally engaged on quarterly calls as well as through attendance at conferences throughout the year. NiSource has a formalized stakeholder outreach process in place for infrastructure modernization projects, remediation activities, and other instances (when needed) if local communities are impacted by our business operations. In addition, public notice for utility projects needing permits is provided as necessary, consistent with regulatory requirements. NiSource conducts stakeholder meetings and issues press releases on remediation activities to ensure its projects get the proper feedback during these activities in a manner that is acceptable both to the environment and the community. For larger sites or sites with special concerns, site specific websites are created to keep the community involved and informed on site activity.</p> <p>To evaluate the effectiveness of our management of material topics, we collaborate with EEI, AGA, and EPRI, to ensure that our metrics, reporting and disclosures are consistent and in line with our industry peers.</p> <p>Additionally, we're planning now for tomorrow's energy needs through our Integrated Resource Plan (IRP) - a regulatory process used in Indiana and other states to thoroughly analyze and outline how electric utilities plan to meet the future electric requirements of its customers. This process involves a public forum, which includes participation from customers, consumer representatives, environmental organizations and other stakeholders. See https://www.nipsco.com/our-company/about-us/regulatory-information/irp.</p>

GRI 102: GENERAL DISCLOSURES

Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-44	<p>Report key topics and concerns that have been raised through stakeholder engagement, including:</p> <ul style="list-style-type: none"> i. how the organization has responded to those key topics and concerns, including through its reporting. ii. Report the stakeholder groups that raised each of the key topics and concerns. 	<p>The Environmental, Social, Nominating and Governance Committee assists the Board in overseeing the programs, performance and risks relative to environmental and sustainability matters. Its responsibilities can be found in its Committee Charter, available at https://investors.nisource.com/corporate-governance/default.aspx. There were no investor proposals related to environmental, safety, or sustainability matters in the Proxy Statement for the 2022 annual stockholders meeting.</p> <p>We report key sustainability/ESG metrics in our EEI quantitative and qualitative templates which were developed based on feedback from the EEI ESG/Sustainability working group comprised of industry peer companies and investors.</p> <p>Many of our customer programs (i.e. energy efficiency and renewable power programs) are a direct result of feedback from stakeholders. NiSource is continuously seeking stakeholder input to encourage transparency and influence our approach to safety, infrastructure modernization and our environmental stewardship. Projects we undertake involve extensive stakeholder input and consideration. In many cases, we conduct public open houses and meet individually with elected officials, emergency responders and individual residents. We also engage with the local media to ensure public understanding and input. Feedback is primarily solicited through the venues mentioned; in addition our customer service representatives, public affairs team and land agents are continuously receiving feedback and information from stakeholders.</p>
GRI 102-45	<ul style="list-style-type: none"> a. List all entities included in the organization's consolidated financial statements or equivalent documents. b. Report whether any entity included in the organization's consolidated financial statements or equivalent documents is not covered by the report. 	<p>NiSource's reportable segments are: Gas Distribution Operations and Electric Operations. See page 6 of NiSource's 2021 Form 10-K, available at https://investors.nisource.com/financial-filings-and-reports/quarterly-and-annual-materials/default.aspx.</p> <p>All report contents represent only continuing operations; all discontinued operations have been removed to ensure the report is representative of our continuing business.</p>

GRI 102: GENERAL DISCLOSURES

Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-46	<p>a. Explain the process for defining the report content and the topic Boundaries.</p> <p>b. Explain how the organization has implemented the Reporting Principles for defining report content.</p>	<p>See the message from Lloyd Yates in the 2021 Integrated Annual Report, available at https://www.nisource.com/company/sustainability/reports-and-policies. In addition, we are following the Global Report Indicator (GRI) Standards “Core” reporting methodology as the basis of our disclosures. We’ve defined our Integrated Report and our strategy to present a sharpened focus on sustainability, through the lens of our strategies:</p> <p>Safety Management System (SMS) Our SMS is anchored by our Core 4 Responsibilities</p> <ol style="list-style-type: none"> 1. Follow our processes and procedures 2. Identify and report risks 3. Continually improve process and procedures to protect one another, our customers and our communities 4. Identify and proactively take action to prevent things that can go wrong <p>Your Energy, Your Future Initiatives underway with this strategy include:</p> <ul style="list-style-type: none"> • Partnering with state regulatory teams to create programs for customers to opt into lower carbon gas supplies • Exploring hydrogen and other technologies that can contribute to decarbonized energy • Identifying opportunities to support the adoption of electric vehicles, both for our customers and within our operations • Transition to cleaner, reliable and less expensive generation <p>NiSource Next This is a multi-year initiative that is improving our cost structure and driving efficiencies across our organization</p> <p>Additionally, see more information about our sustainability commitments at https://www.nisource.com/company/sustainability.</p>
GRI 102-47	<p>a. List all the material topics identified in the process for defining report content.</p>	<p>NiSource has collaborated with EEI, AGA, and EPRI, to ensure that our metrics, reporting and disclosures are consistent and in line with our industry peers. Priority issues are Employee Safety, Public Safety, Service Reliability and Emergency Response. Other highly rated categories are Ethics & Transparency, and Overall Customer Satisfaction.</p> <p>Our strategic focus areas of Preserving the Environment, Growing our Team, and Financial Performance are reflected by numerous additional priority topics including air pollutant emissions, skilled workforce availability, and consistent delivery of financial commitments, respectively</p> <p>See the 2021 Integrated Annual Report, available at https://www.nisource.com/company/sustainability/reports-and-policies.</p>
GRI 102-48	<p>a. Report the effect of any restatements of information provided in previous reports, and the reasons for such restatements.</p>	<p>There are no restatements present in the 2021 Integrated Annual Report and related materials, unless noted.</p>
GRI 102-49	<p>a. Report significant changes from previous reporting periods in the list of material topics and topic Boundaries.</p>	<p>There are no significant changes in Scope and Aspect Boundaries in this year’s report.</p>
GRI 102-50	<p>a. Reporting period (such as fiscal or calendar year) for information provided.</p>	<p>Calendar year 2021, published in June 2022.</p>

GRI 102: GENERAL DISCLOSURES		
Standard Disclosure	Disclosure Requirements	2021 Response
GRI 102-51	a. Date of most recent previous report (if any).	Calendar year 2020, published in April 2021.
GRI 102-52	a. Reporting cycle (such as annual, biennial).	Annual
GRI 102-53	a. Provide the contact point for questions regarding the report or its contents.	Investor Relations, (219) 647-5688, investors@nisource.com Media Relations, (614) 460-5544, media@nisource.com
GRI 102-54	Report if the organization has prepared the report in accordance with the GRI Standards, either: i. GRI Standards: Core option ii. GRI Standards: Comprehensive option.	NiSource has prepared this report in accordance with the GRI Standards: Core option and it has been externally assured by a third party, Jacobs. Their Statement of Assurance is available at https://www.nisource.com/company/sustainability/reports-and-policies .
GRI 102-55	Report the GRI Content Index which specifies each of the GRI Standards used and lists all disclosures included in the report. b. For each disclosure, the content index shall include: i. the number of the disclosure (for disclosures covered by the GRI Standards); ii. the page number(s) or URL(s) where the information can be found, either within the report or in other published materials; iii. if applicable, and where permitted, the reason(s) for omission when a required disclosure cannot be made.	This document represents the GRI Content Index and meets the criteria described in GRI 102-55.
GRI 102-56	a. Description of the organization's policy and current practice with regard to seeking external assurance for the report. b. If the report is externally assured: i. not included in the assurance report accompanying the sustainability report, report the scope and basis of any external assurance provided. ii. The relationship between the organization and the assurance providers. iii. Whether and how the highest governance body or senior executives are involved in seeking assurance for the organization's sustainability report.	NiSource sought out and requested external assurance for its 2021 Integrated Report and GRI table from an independent third party, Jacobs. Their statement of assurance is available on the NiSource website at https://www.nisource.com/company/sustainability/reports-and-policies . The Environmental, Social, Nominating and Governance Committee of the Board of Directors meets no less than four times per year to fulfill the committee's responsibilities for assessing the company's sustainability initiatives. NiSource's 2021 greenhouse gas data and other environmental data is undergoing an independent external assurance by Trinity Consultants.

GRI 103: MANAGEMENT APPROACH

Standard Disclosure	Disclosure Requirements	2021 Response
GRI 103-1	<p>a. For each material topic, the reporting organization shall report the following:</p> <ul style="list-style-type: none"> a. Explanation of why the topic is material b. The boundary for the material topic which includes a description of: where the impacts occur the organization's involvement with the impacts. c. Any specific limitation regarding the topic Boundary 	<p>a. Topics that rank highest in priority to both internal and external stakeholders align with our well-established business strategy and focus: Investing in Safety (capturing the priority topics of Employee Safety and Public Safety), Serving our Customers and Communities (capturing the priority topics of Service Reliability, Emergency Response, Overall Customer Satisfaction), Preserving the Environment, Growing our Team, and Financial Performance</p> <p>b. These priority issues are applicable across our entire organization and directly impact our employees (Employee Safety), and our customers and communities (Public Safety, Service Reliability and Emergency Response).</p> <p>We've aligned our Integrated Report and our strategy to present a sharpened focus on sustainability, through the lens of our renewed commitment to deliver value for our customers, communities, investors and business partners as well as improving the employee experience.</p> <p>c. There are no limitations to the report regarding topic boundary as indicated in b. above.</p>
GRI 103-2	<p>For each material topic, the organization shall report:</p> <ul style="list-style-type: none"> a. How the organization manages the topic b. A statement of the purpose of the management approach c. A description of the following, if the management approach includes that component: <ul style="list-style-type: none"> i. policies ii. commitments iii. goals and targets iv. responsibilities v. resources vi. grievance mechanisms vii. specific actions, such as processes, projects, programs and initiatives 	<p>a. Management of Material Topics. See our 2021 Integrated Annual Report at https://www.nisource.com/company/sustainability/reports-and-policies for details on how material topics are managed.</p> <p>b. The purpose of this management approach is to ensure that our identified priority topics are addressed through our current business priorities and investments, and to measure our performance against our milestones and targets.</p> <p>c. We strive for transparency in our reporting and continue to look for opportunities to report our performance in a manner that is comparable and consistent with other companies in our industry. Our sustainability-related policies, supplemental data, and other related information can be found at https://www.nisource.com/company/sustainability/reports-and-policies.</p>
GRI 103-3	<p>For each material topic, the organization shall report:</p> <ul style="list-style-type: none"> a. How the organization evaluates the management approach, including: <ul style="list-style-type: none"> i. The mechanisms for evaluating the effectiveness of the management approach ii. The results of the evaluation of the management approach iii. Any related adjustments to the management approach 	<ul style="list-style-type: none"> i. To evaluate the effectiveness of our management of material topics, we collaborate with EEI, AGA, and EPRI, to ensure that our metrics, reporting and disclosures are consistent and in line with our industry peers. ii. We respond to numerous rating organizations' surveys and requests for information to help us measure our sustainability/ESG performance. <p>See our priority (material) topics shown in the table below.</p>

PRIORITY TOPICS		
Priority Topic	Disclosure Requirements	2021 Response
Occupational Health Services (aligns with GRI 403-1, GRI 403-2, GRI and GRI 403-7)	A description of the occupational health services' functions that contribute to the identification and elimination of hazards and minimization of risk, and an explanation of how the organization ensures the quality of these services and facilitates workers access to them	<p>See our inaugural Safety Report, available at https://www.nisource.com/company/sustainability/reports-and-policies, for details on our Safety Management System (SMS) to mitigate potential risks before they happen. Additional details include how we measure our safety performance and reduce safety hazards, and how we will continue to invest in safety improvements, implement policies and procedures, develop technical training and guidelines for our employees, and leverage new tools and technology to improve our safety performance.</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
Public safety (aligns with GRI 416-1)		<p>See our inaugural Safety Report, available at https://www.nisource.com/company/sustainability/reports-and-policies.</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
Service reliability (aligns with GRI 203-1)		<p>See page 25 of our 2021 Integrated Annual Report.</p> <p>See Investment/Service Integrity section of the 2021 Supplemental Sustainability Data file at https://www.nisource.com/company/sustainability/reports-and-policies. See GRI 103-1, 103-2 and 103-3.</p>
Emergency response (aligns with GRI 416-1)		<p>As a natural gas and electric utility, emergencies have the potential to impact our customers, employees, contractors and other key stakeholders. Potential impacts include service outages and safety concerns. Thus, our emergency response is material to both internal and external stakeholders and is measured and reported in the Supplemental Data section of the 2021 Supplemental Sustainability Data file available at https://www.nisource.com/company/sustainability/reports-and-policies.</p> <p>NiSource analyzes weather-related risks and opportunities annually. In addition, management reviews risks and opportunities on an ongoing basis.</p> <p>See the Risk Factors section (pages 14-31) of the NiSource 2021 Form 10-K. See GRI 103-1, 103-2 and 103-3.</p>
Consistent delivery on financial commitments (aligns with GRI 201-1)		<p>See 2021 Form 10-K. See 2021 Integrated Annual Report at https://www.nisource.com/company/sustainability/reports-and-policies.</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
Capital investment in infrastructure modernization and Growth (aligns with GRI 203-1)		<p>Nearly all of NiSource's investments in energy infrastructure are for the public benefit. See 2021 Integrated Annual Report, page 9 at https://www.nisource.com/company/sustainability/reports-and-policies. See GRI 103-1, 103-2 and 103-3.</p>

PRIORITY TOPICS		
Priority Topic	Disclosure Requirements	2021 Response
Skilled workforce availability / workforce succession (aligns with GRI 404)		See pages 22-23 of our 2021 Integrated Annual Report. See GRI 103-1, 103-2 and 103-3. See also our web page titled “Fueling Your Success” at https://www.nisource.com/careers/growth-potential .
Reputational risk (aligns with GRI 102- 17)		Our reputation ultimately rests on the good judgment and personal integrity of each of our employees, officers, directors and those with whom we do business. We believe, therefore, that our core values must at all times guide our decisions, actions and conduct. Our core Code of Conduct values are: Fairness, Honesty, Integrity and Trust. Detailed information can be found in NiSource's Code of Business Conduct at https://investors.nisource.com/corporate-governance/default.aspx . See GRI 103-1, 103-2 and 103-3.
Total shareholder return as compared to peers (aligns with GRI 201-1)		See 2021 Form 10-K at https://investors.nisource.com/financial-filings-and-reports/quarterly-and-annual-materials/default.aspx . See 2021 Integrated Annual Report at https://www.nisource.com/company/sustainability/reports-and-policies . See GRI 103-1, 103-2 and 103-3.
Biodiversity (aligns with GRI 304-1-4)		See NiSource Biodiversity Commitment at https://www.nisource.com/company/sustainability/reports-and-policies .
Environmental regulatory compliance (aligns with GRI 307-1)		In 2021, NiSource received one Agency Action / Notice of Violation (NOV) with no monetary penalties resulting from it. At NiSource, our environmental performance is reviewed on a regular basis. We use business/operating plans and balanced scorecards to establish and measure performance on environmental objectives and targets. Environmental compliance is assessed through our Corporate Environmental Health and Safety auditing program and self-assessments, and non-conformances are identified and tracked to closure. Work management tools are used in all our companies to assign environmental tasks and responsibilities appropriately. Our learning management system assigns and tracks required environmental training. Environmental records are stored/maintained in an electronic records management system. We have an environmental management system and commit to maintain and enhance it through our environmental auditing and continuous improvement programs (see our Environmental Policy). It includes systems for the management of agency inspections, corporate level compliance assessments, spill reporting, environmental data management reporting, internal and external communications, and policies and procedures. Various elements of our systems are reviewed via our internal auditing programs on a risk-based frequency. The regulatory portion of our environmental management system continues to be audited / inspected by local, state, and federal regulatory agencies. See the Environmental Section of the 2021 Supplemental Data file at https://www.nisource.com/company/sustainability/reports-and-policies . See GRI 103-1, 103-2 and 103-3.

PRIORITY TOPICS		
Priority Topic	Disclosure Requirements	2021 Response
Air pollutant emissions (aligns with GRI 305-7)		See page 13 of our 2021 Integrated Annual Report, and the 2021 Supplemental Sustainability Data tables, all available at https://www.nisource.com/company/sustainability/reports-and-policies . See GRI 103-1, 103-2 and 103-3.
Water quality, use and availability (aligns with GRI 303-1)		See page 13 of our 2021 Integrated Annual Report and our 2021 Supplemental Sustainability Data tables at https://www.nisource.com/company/sustainability/reports-and-policies . Additionally, our CDP Water report, also available at https://www.nisource.com/company/sustainability/reports-and-policies , discloses our water-related impacts (including effluent discharge) and stakeholder interactions around water consumption in compliance with GRI 303-1 and 302-2. See GRI 103-1, 103-2 and 103-3.
Greenhouse gas emissions (aligns with GRI 305-1 through 305-5)		See the 2021 NiSource Climate Report . See our 2021 Supplemental Sustainability Data and our CDP Climate disclosure, both available at https://www.nisource.com/company/sustainability/reports-and-policies . See GRI 103-1, 103-2 and 103-3.
Ethics and transparency (aligns with GRI 102-17)		Our reputation ultimately rests on the good judgment and personal integrity of each of our employees, officers, directors and those with whom we do business. We believe, therefore, that our core values must at all times guide our decisions, actions and conduct. Our core Code of Conduct values are: Fairness, Honesty, Integrity and Trust. In addition, NiSource is committed to integrating respect for human rights into our operations and value chain, and this is demonstrated in our Human Rights policy. The NiSource Code of Conduct and Human Rights Policy are both available at https://www.nisource.com/company/sustainability/reports-and-policies . In 2021, we investigated 124 ethics cases and found 56 (45%) to be substantiated. This is above the all-industry benchmark substantiation standard of 42%. On average our ethics cases are closed in 39 days, compared to an all-industry benchmark average of 39 days. None of the cases investigated were defined as corruption or human rights violations. The leading substantiated cases were conflicts of interest followed by workplace violence, harassment – other and harassment - sexual. We take all investigations seriously and apply appropriate discipline, which ranges from counseling, verbal/written warning, suspension to termination. See GRI 103-1, 103-2, and 103.3.
Overall customer satisfaction (aligns with GRI 102-44)		Results compiled from a J.D. Power, a third party customer survey, indicate the company improved from 2020 to 2021 in scoring. See GRI 103-1, 103-2 and 103-3.
Customer privacy and data security (aligns with GRI 418-1)		We maintain policies and procedures to encourage employee and contractor reporting of actual or suspected privacy breaches regarding customer data. During 2021, several incidents were brought to the Company's attention through these channels. In these instances, no breach of customer privacy or loss of data was substantiated which required notification under any regulatory or legal requirement. See GRI 103-1, 103-2 and 103-3.

PRIORITY TOPICS

Priority Topic	Disclosure Requirements	2021 Response
<p>Energy affordability (aligns with GRI 203-1)</p>		<p>Our business plan is focused on investing in our energy infrastructure – approximately \$1.90 billion was invested in 2021 – to continue enhancing the safety and reliability of our systems. We must balance this growth with improving environmental performance and implementing energy efficiency measures for our customers. We strive to provide our customers with the information they need to receive the support they need through LIHEAP and additional customer assistance programs.</p> <p>Learn more in our Environmental Policy, available at https://www.nisource.com/company/sustainability/reports-and-policies.</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
<p>Employee engagement / job satisfaction (aligns with GRI 404)</p>		<p>Our primary measure for engagement is through our annual employee engagement survey. We measure employee engagement through our annual employee survey. We review the survey results with employees to hear their ideas and share ways we can work together to address areas of concern.</p> <p>An employee engagement survey was performed in 2021, which showed a positive trend when compared to 2019 (there was no 2020 survey due to the COVID-19 pandemic).</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
<p>Training, education and career development (aligns with GRI 404-2)</p>		<p>See “Empowering Our Employees” on pages 19-20 of the 2021 Integrated Annual Report, available at https://www.nisource.com/company/sustainability/reports-and-policies. See GRI 103-1, 103-2 and 103-3.</p>
<p>Goodwill and volunteerism in communities (aligns with GRI 413-1)</p>		<p>See page 21 of the 2021 Integrated Annual Report, “Serving Our Communities”, available at https://www.nisource.com/company/sustainability/reports-and-policies. Our employees donate their time to make our communities better places to live, work and play, and volunteered 7,993 hours at local nonprofits last year. The NiSource Charitable Foundation supports this engagement through its Dollars for Doers program, which recognizes employee volunteerism hours with charitable donations in the employee’s name. This volunteerism generated \$70,000 in donations in 2021.</p> <p>Across NiSource, giving back is part of our local community commitment, and in 2021 the NiSource Charitable Foundation donated nearly \$7.0 million to organizations in communities throughout our operating area. NiSource has a formalized stakeholder outreach process in place for infrastructure modernization projects, remediation activities, and other instances (when needed) if local communities are impacted by our business operations. In addition, public notice for utility projects needing permits is provided as necessary, consistent with regulatory requirements. NiSource conducts stakeholder meetings and issues press releases on remediation activities to ensure its projects get the proper feedback during these activities in a manner that is acceptable both to the environment and the community. For larger sites or sites with special concerns, site-specific websites are created to keep the community involved and informed on site activity.</p> <p>See GRI 103-1, 103-2 and 103-3.</p>
<p>Charitable Giving (aligns with GRI 413-1)</p>		<p>See page 18 of the 2021 Integrated Annual Report. NiSource contributed nearly \$7.0 million to non-profit organizations in our communities. See GRI 103-1, 103-2 and 103-3.</p>
